

BLAENLLAIN DOODLEBA (Bart)

WPBR 7724 / PBA 0352/2003

TERM'S AND CONDITION 'S AGREEMENT FORM

**Miss A. A Jones, Bryn Llust, Cilcennin, Lampeter, Ceredigion SA48 8RJ.
Phone 01570 471023 / 0781 250 6680, www.blaenllainstud.co.uk**

All costs must be paid in full before the semen is dispatched.

The stud fee of £300.00 NFFR, includes the 1st collection fee. It is strongly advisable to get your Veterinary Surgeon to examine your mare when she is in season to ascertain her readiness for insemination. He or you will then telephone us to notify us of her situation, ideally at least 36 hours before insemination is to take place. The chilled semen will then be sent either directly to you or your vet according to your preference. Should your mare fail to conceive, further attempts are of course possible, for which additional collection fees must be charged. This fee also includes sending the semen out Via Royal Mail, for delivery on Tuesday through to Saturday.

Collection Fee. This is £40.00, and includes postage via the Royal Mail for delivery on Tuesday through to Saturday. Semen which is required on a Monday will be sent by courier on Sunday and this fee is additional to the standard collection fee and is variable according to the courier used. A same day delivery service is also possible, (i.e. for delivery on Monday) but this can be expensive.

Refundable Deposit of £20.00, is to be added to either the stud fee or collection fee. This is to help ensure the safe return of our Semen transport containers. As soon as we have the container returned to us we will send you a cheque for £20.00.

The stud makes every effort to have teaser mares available for collecting semen when requested, but we will not be held responsible for delays, non-availability.

Although all semen will be evaluated before been sent out, the stud will not be held responsible for deterioration in quality of the semen due to unforeseen circumstances.

Terms are No Foal Free Return; the free return must be used before the end of following breeding season, and to the original mare.

The semen is to be inseminated in the named mare only, for 1 pregnancy only any unused semen is to be destroyed

If you are using Talgrwn Stud Services for you mares insemination. please note they are totally independent from Blaenllain Stud and is a separate agreement between yourselves and Talgrwn Stud Services.

I have read and agreed to the terms and conditions offered by the Stud & Stallion Owner.
